

Connect and Engage at the Levan Institute for Lifelong Learning

Every day we read and hear more about “healthy aging” and that we need to move our bodies and engage our minds as we get older. The Levan Institute for Lifelong Learning at Bakersfield College is committed to helping you achieve this goal! Our unique course list focused on the interests of those 55+, but open to anybody over the age of 18, invites you to learn, explore, and have some fun!

Class details will be posted on our website — www.LevanInstitute.org — in early July. Classes change each semester, so be sure to check back regularly. You can even go to the site and create an account in advance. Many of
