# President's Message

# ROBB SEIBLY

Our mission is to promote the education and earned benefits of all retirees of Kern County, advocate the safeguarding and continuation of Kern County retiree pension and health benefits, provide avenues of support and information for Kern County retirees and beneficiaries, ensure proper and necessary representation on the Kern County Board of Retirement, and participate as an integral contributor in our Kern County communities' quality of life.

In this edition of the "TREND" I would like to bring to your attention, as I did some years ago, two major issues that seem to come up often this time of year: Medicare and Fraud.

First issue: I hope you all know that Open Enrollment for Medicare this year is from October to December. The Kern County Aging and Adult Services Department has information that will help you in finding what you want/need. They have highly trained HICAP Counselors that are advocates and problem solvers that can provide much needed assistance to Kern County Medicare beneficiates and their families. One of these counselors stated (as all might) "I enjoy being able to explain how Medicare works and helps our clients feel less lost in all this information. It's also exciting to find savings programs that clients didn't know were available to them and help them apply for those programs." They say that application assistance is only a phone call away. For information on Medicare Savings Programs (MSP), Low Income Subsidy/Extra Help, and/or Medi-Cal Application Assistance for Medicare Beneficiaries, call: 661-868-1000 or 1-800-434-0222.

Second Issue: We hear about Fraud and Online

Scams frequently. From a past Kern County HICAP "Medicare Scoop," the Communication Director at CHA/SMP tells us that one of our top Medicare Scams in California is test kits. Beneficiaries and their family members are reporting boxes of unwanted tests arriving on their doorsteps, and Medicare is being billed 4-5 times the cost of the tests or more. In some cases, the beneficiaries have been billed. To help avoid these issues, beware of offers for free test kits in exchange for your personal financial information or Medicare number (this is a Scam). Important: be cautious about any unsolicited request for your personal, financial, or medical identity and information. Medicare will not call or email you. You can report any suspected Fraud (661-868-1000).

We have also been warned to watch out for scammers calling and pretending to be with Medicare and offering you a plastic Medicare card. Medicare will NOT call and offer plastic cards; Medicare provides only paper cards. Scammers are just trying to steal your Medicare number and your identity.

You have the power to stop Scammers. It starts with knowing what to look for:

- 1. A call or text from a phone number you don't recognize. (Spoofing)
- 2. An email from someone you don't know that contains a link or attachments. (phishing)
- 3. A communication with someone that you have not initiated yourself.

If you receive a text or email you are unsure of from an unknown sender, do not click on any links or open any attachments. When in doubt, do not give out any personal or account information, hang up, and call the company directly using the phone number provided on their billing statement, documentation, or website.

Keep yourself and your family safe and have a wonderful Holiday Season. Happy Thanksgiving, Merry Christmas, and celebrate Veterans Day November the 11<sup>th</sup>. Hope to see you all safe, healthy, and at our next REOKC Luncheon (more information in this newsletter).

Your Supplemental Retiree Benefit Reserve (SRBR): A Continued Commitment to You

For KCERA, the Supplemental Retiree Benefit Reserve (SRBR) represents more than a financial policy. It's how KCERA honors your years of public service while helping you maintain financial security throughout retirement.

#### What Is the SRBR?

The SRBR is a dedicated reserve that currently provides **supplemental monthly payments** to eligible retirees and beneficiaries. It's funded entirely by KCERA's **investment earnings**—not by member or employer contributions.

Under state law, these funds can be used only for the benefit of retired members and their beneficiaries, ensuring every dollar supports those who dedicated their careers to serving Kern County.

#### How Your SRBR Benefit Works

In 2022 the SRBR benefit was restructured to simplify the design and enhance sustainability. Under the restructure, each eligible retiree receives the greater of two calculations:

- A "floor benefit" equal to the SRBR amount you received before the restructure, or
- A service-based benefit, calculated at \$1.80 per year of service.

For example, under the service-based benefit, if you retire after 30 years of service, your monthly SRBR benefit would be \$54.

Currently, each July 1, your SRBR benefit increases by a 2.5% annual cost-of-living adjustment (COLA). This increase helps your benefit keep pace with rising expenses, protecting your purchasing power year after year.

#### Added Peace of Mind

KCERA also extends protection for your loved ones. When a retiree passes away, 60% of the SRBR benefit continues to their eligible beneficiary, and a one-time \$5,000 death benefit is paid to help ease expenses during a difficult time.

#### Financial Strength and Stewardship

The SRBR is carefully managed to ensure long-term stability. As of **June 30, 2024**, the reserve stood at **107% funded**—a strong reflection of prudent management and sound investment strategy.

KCERA's actuaries and Board of Retirement annually review the fund's health. If the SRBR funding level rises above 115%, the Board may consider increasing benefits or expanding eligibility. If it falls below 95% for two consecutive years, the 2.5% COLA could be temporarily reduced or paused to preserve the program's sustainability.

This measured approach keeps the SRBR reliable, fair, and future-focused.

#### **Fiduciary Duty at Work**

KCERA's fiduciary duties of care, loyalty, and impartiality govern the use of SRBR funds. The Board's duty is to balance the interests of all members—current and future—while safeguarding the fund's integrity.

#### **KCERA's Mission**

The SRBR embodies KCERA's mission: to expertly administer retirement benefits, prudently invest plan assets, and provide quality service to members and beneficiaries. It's a reflection of gratitude and stewardship—a way to ensure your service continues to be honored long after your career has concluded.

## **THINGS TO PONDER**

- ~ By the time people find greener pastures, they're usually too old to climb the fence.
- ~ Wouldn't it be great if we could sell our experience for what it cost us?
- $\sim$  Many say they can do the same things at 65 that they did at 30. Only now, they take a nap after each do.
- ~ Most of us will never do great things, but we can do small things in a great way.

- ~ The doctor said, "I can't quite diagnose your problem. I think it must be the drinking."

The patient said, "All right, doctor. I'll come back some time when you're sober."

# WHAT IS PHISHING?

Phishing is a dangerous scam in which fraudsters try to trick you into giving up sensitive information—such as your online banking credentials, card numbers, or Social Security number. These attacks often arrive as emails, text messages, or phone calls that appear to come from trusted sources.

# **RED FLAGS TO WATCH OUT FOR**

- ✓ "Urgent" messages "Your account has been suspended" or "Unusual activity detected — click here to verify."
- ✓ Requests for sensitive information your account number, PIN, or online banking credentials.
- ✓ Suspicious links or unexpected attachments in emails or texts, or hyperlinks that don't match the company's official website.
- ✓ Caller ID spoofing scammers can fake a legitimate phone number. Even if it looks like your credit union is calling, be cautious!
